

Let's 
Grow!

Job description

Nursery Production

INDUSTRY OVERVIEW:

Nurseries and plant producers are so important to our country as they're often the starting point for food production, forestry, beautification and environmentally focused projects. Nurseries are the quiet heroes of so many key industries, with acres of career opportunities.

JOB OVERVIEW:

You need to have a genuine enthusiasm for horticulture with a passion for growing and nurturing healthy plants to make a greener, more productive and increasingly beautiful New Zealand.

A Nursery role is an excellent opportunity to be employed in a position that is varied, creative and rewarding, as well as working and training with an existing team of skilled people that will give you lots of development opportunities to grow into.

SKILLS & EXPERIENCE:

- Be physically fit and enjoy working outdoors.
- Growsafe certificate and First Aid certificate an advantage.
- Ability to work as part of a team
- Be customer centric.
- Are able / eligible to work in NZ.
- Eager to learn and train while you work.
- Drivers Licence
