Carrington Resort is set amidst 3000 acres of rolling coastal land on Northland's magnificent Karikari Peninsula. With a seemingly endless stretch of white sand beach, world class 100 acre USGA specification golf course and award winning winery, we think it's a slice of paradise – why not join us?

We are currently accepting applications to join our existing golf course maintenance team as a Greenkeeper. Reporting to the Golf Superintendent, you will play an integral role in the ongoing maintenance of our 6,633m long, par 72, 18 hole course.

What you will bring to the role:

- A proactive, can do attitude
- Experience in basic turf management including mowing, aerating, fertilising and irrigation
- Experience in identifying and controlling weeds and pests
- An understanding of minimum Health & Safety standards in the workplace
- Experience operating machinery related to turf management
- Level 4 Sports Turf Management or equivalent
- A full, clean driver's licence
- Ability to pass a pre-employment drug and alcohol test

What we can offer you:

- A competitive remuneration package
- Ongoing, job-specific training and support
- Varied duties to keep you busy
- Staff discounts across the golf course, resort and winery
- Subsidised staff accommodation
- A stunning workplace with views of the Pacific Ocean and Karikari Estate vineyards

If you are interested in applying for this role please email your CV to hr@carrington.co.nz with 'GREENKEEPER' in the subject line.
