

## Vegetation Maintenance Groundsman Wanted

A position has become available for a Maintenance Groundsman at Earthart Landscaping.

This position involves the maintenance of various industrial & commercial sites as well as residential properties in the Eastern Bay of Plenty.

Duties will include ride-on mowing, chainsaw operation, brush-cutting, herbicide spraying etc. Other duties, from time to time will include - garden prep and soft scaping, to support our landscape construction team. Being able to operate a small digger would be great.

This position will suit someone with experience in the Horticultural industry, who enjoys operating machinery and working outside.

Our ideal applicant would have the following qualities –

- Have some horticultural experience
- Can operate large mowers and machinery confidently
- Is physically fit for the role
- A current GrowSafe qualification
- Good time management
- Understands the importance of equipment maintenance and can carry it out when required
- Full drivers' licence
- Can work well on their own and in a team
- Be honest and work with integrity
- Has natural customer service and is courteous

For the right person, this job will give great job satisfaction and variety in your work. You will be working with a friendly, professional team who strives to be the best, always.

If this interests you and you meet most of the criteria please send your CV to [info@earthart.net.nz](mailto:info@earthart.net.nz) or call Brett on 0274169503 for more details.
